There's trouble on every doorstep, no  
wonder people close their doors  
There's so much worry on everybody's mind  
'til they can't take anymore

There's heartbreak on every corner, so  
people want to shut their eyes  
I'm only someone in an ocean of someones,  
but I think we have got to try

(Chorus)  
We're living in a world of uncertainty  
And we've got to make the most of our time  
(but) Where love is concerned there's one

I feel the love that's in everybody's heart,  
things aren't as bad as they seem

(Chorus)  
(Bridge)

I know what it's like to be afraid to make a move  
Because you've heard the odds are never on your side  
I know how it feels to need somebody to be closer to  
You need love to get through  
(while you're... Chorus)
