So we've already established the fact that
things are gonna be different in the future baby.
And you've reiterated the fact that you don't
want to get into something that's just gonna have to
end later.
Now I know our lives are changing and I've seen
it coming for a while too, don't get me wrong.
And I've been going outta town baby it's gonna happen
more,
we gotta be strong but now

While I'm gone
Just be a fly on the wall
You know
I'm thinking about you

Just wait and see
You gotta hear what I say
I'm in love with you
I'm not so far away

Someday, someday
I will be here babe
Someday, someday
I will be the one babe
Someday, someday
I will be here babe
Someday, someday
I will be the one babe

I know you gotta go to university and I'm just trying to
make some cash to follow my dreams.
But please don't say we're too busy to give each other
the time and support we need
I know we gotta work our jobs and make some money
to get by in this expensive world.
Don't let that overtake the fact that before all that, you
were still my girl.

While I'm gone
Just be a fly on the wall
You know

I'm talking about you
Just wait and see
You gotta hear what I say
I'm in love with you
I'm not so far away

Someday, someday
I will be here babe
Someday, someday
I will be the one babe
Someday, someday
I will be here babe
Someday, someday
I will be the one babe

Someday, someday
I'll know that you love me
Someday, someday
Sorry that I'm leaving
Someday, someday
I will be here babe
Someday, someday
I will be the one babe

I'm in love with you
I'm not so far away

Someday, someday
I will be here babe
Someday, someday
I will be the one babe
Someday, someday
I will be here babe
Someday, someday
I will be the one babe

Someday, someday
I'll know that you love me
Someday, someday
I just need you here with me
Don't have to try
Love will take us there babe
Someday, someday
I will be the one babe

Someday, someday
Look towards the sky babe
Someday, Someday
There's no need to cry babe
I know that you're always what I want babe
I will be the one babe

Someday,
I will be the one babe
Someday,
I just need you here with me
