Intro:

Ha ha ha oh my god. Ring around the rosie ha ha

Verse 1:

Now let me see if I remember this was back in
September

Um I'd say around 2 or 3 my man and me coming past
the junior high

playground

Kickin' the blahzay blah over a 40

When my man said "Daaaaam kid look at the ass on
shortie!"

I turned around and flip script "Ah kid look at them tits.

A yo thickness can I talk to you for a bit?"

I figured shortie had to be a teachers aid

But if they had teachers back when I was making my
grade, I would of stayed

Parlayed, played it smooth kickin' it to Miss Thang

Eyes fixed on them big thighs goin' back and forth on
that swing

She looked young in the face, but that ain't slowin' my
pace

And pretty soon we had a date at my place

My nigga gave me dap, cause he knew I was about to
tap that

Look back and reacted like "Oh, snap! She got a backpack!"

But that was her steelo, so I payed it no whatnot

I busy thinkin' bout weather or not I could get up in this little sluts twat

I heard my ding dong at about a quarter to 10

I was playin' that flavor role, so mom dukes let her in

Gave her a fast "How ya doin'?" and pushed her off to my room

Mom pulled me to the side like "Um, son, she look kinda young"

I joked like "Age don't count" then turned around and I bounced

It wasn't long before my tounge was playin' tag with her mouth

Wasn't frontin on a nigga, so I knew he would...well you know

This bitch was mad butter, but I didn't know she was Butta-few-co

Hook:

Rock a bye baby on the tree top

You should of seen shortie riding my cock

When my vibrates, her crattle will fall

And down will come shortie, punany and all

Verse 2:

She got butt ass quick fast "Damn, booby you built.

Where did you get all that?"

"I'm drinkin' milk."

"Oh that pussy is kilt."

I felt on them breastesis and decided

How to see if she freaky like you tellin', so impress the bitch

Sucked her earlops, neck, up and down her back

Fingers, titties, stomach, thighs, toes then up to lick the assssss crack

I saved the best for the omega

And buried my face in her shit while twistin' her tits like joysticks to a

Sega

Make her toes curl up, as my tongue twirled and fucked her world up

Lickin' the clitoris, really shook daddy's little girl up

I got slimed as her juiced poured over my face like wine

Intertwine the body of mine, 69

She sucked the skinny viens of my dick quick

Lickedy split my shit spit (pIIIIII)

Hun, got cum colored lip stick

Reached under my bed for the jim hat, hopin' she hadn't saw me

But she peeped them and said "Gimmie" and put that shit on for me

Looked at me like "Please be gentle" huh, alright

Knowin' damn well someone is leavin' walking fucked up tonight

Slipped my big fat, into her itty bitty kit cat

And what felt like a hand ran into my shit like NIGGA GET BACK

Naw, I must be buggin' the fuck out

I couldn't be the first shovel to attemp to dig out her

nappy dug out

I pulled out like "We gots to talk" so she started to tell

Hit me in the head love love when she said "I'm only
12." (dooow)

Now my status has dropped from mad phat to peasant

Cause it's not pleasant to have the news round that you
fucked the

preadolesent

Kwest talking:

Shit I only did 16 months and she was crazy cute so
fuck all y'all puntos

who try to say Kwest is Butta-few-co

Hook:

Rock a bye baby on the tree top

You should of seen shortie riding my cock

Honey was bold, but the story unfolds

"A-yo judge, I didn't know she was only 12 years old
