sung I met my baby at the.. "Vee Eye Emm!!" --> from commercial

Verse One: Kwest

Now way way back, when when her, him and them, couldn't spend

loot on Guess and Timb's, we got fresh for less at V.I.M.

Shell top Adidas, Aptiva Kangol's and Lee jeans

No in between, you either had em or was WACK, know what I mean?

And V.I.M. was the spot to get em, one day my homey
hit the Avenue shoppin, and I bounced up there
widd'em

The Ave. was full of fly girls, but I wasn't on the hunt

All I wanted was my Puma's and a gold front

Stunts was runnin back and forth in V.I.M.'s, lookin for
someone to help

But I was like, "No thanks skeezer, I'll get my stuff
myself"

I was in the sneaker section, peepin out a pair of Nike's

When a sweet pretty voice asked, "What size would you
like?"

I looked up and yo, I met these lovely brown eyes

attached to an in place face, and body that can make
your nature rise

Jocked honey for a bit, then said, "A size six Miss"

She smiled and walked away, yo kid, I gots to get this

She came back to the spot, with a green Puma box

Took off my kicks and stared in shock at the FAT hole in
my sock

Damn, the worst that could happen happened, I felt like
breakin North

when honey burst out and started laughin

Thought about then realized yo, it was kind of funny

As I laughed and put my shoe she asked, "That's all you want money?"

I was tempted to say, "Umm, can I have your number too?"

But I didn't wanna play myself cause yo, that's not too cool

"Could you show me a pair of Lee's to match these, size 29?"

And umm, would you mind goin with me to Mickey D's?"

Now where did that come from? Damn, I went out like a herb

But when she said yes to both questions, I was like, "Oh word?!"

She paid for my stuff, plus got me a discount

Went to lunch and after that, saw each other a mad amount

It's ninety-four, but V.I.M.'s is my store for life

Not only did they help me get dipped, they helped me get a wife
