Call someone
Tell them how you feel
Call someone and tell them what you think is wrong

Beat the ground
Show it how you feel
Show it all the ways that you've been taught to feel

And the bigger you are
The harder you fall
You just need to call and let someone know
And the faster you think
Is the time that you'll need just to say hello

Waste some time
Trying not to breath
Trying to be heard in all of everything
Change of hearts
Change it how you feel
Call someone and let them know how good you feel
And the bigger you are
The harder you fall
You just need to call and let someone know
And the faster you think
Is the time that you'll need just to say hello

And nothing ever happens
And nothing ever fits
But your keeping up with it
Gonna take one more connection
One that you fit and make use of it

And the bigger you are
The harder you fall
You just need to call and let someone know
And the faster you think
About doing it is the time that you'll need
