tears fell from the sky
future was watching you and I
the rain dampened us
but not our desire
as we slipped past them all
down the boulevard
black and black, little cafe
I heard bits of fantasies
you already knew mine
twisting and turning
in his car
I never dreamed
we'd take it so far
streets got wetter
we got wilder
driven by something
I don't know
I did not know
never did I know
the price I'd pay
passion for a day
O so long ago and far away
passion for a day
my passion for a day
