It was an ordinary friday night
And I was driving in my car
I was about to pass the traffic light
I saw you walking to a bar
You were the sweetest thing I've ever seen
You were the one that guys adored
I knew that even in my wildest dream
How could I ever ask for more
How could I ever ask for more

So play that song on the juke-box
The one we heard on the radar
You know I'll always remember
The song was breaking my heart
The song was breaking my heart
So play that song on the juke-box
The one we heard on the radar
You know I'll always remember
The song was breaking my heart
The song was breaking my heart

I parked the car and walked beside the bar
You were talking to a fan
I wish I was the one who talked to you
You were an angel heaven sent
You were the sweetest thing I've ever seen
You were the one that I adored
I knew that even in my wildest dream
How could I ever ask for more
How could I ever ask for more

So play that song on the juke-box
The one we heard on the radar
You know I'll always remember
The song was breaking my heart
The song was breaking my heart

You got to play that song

So play that song on the juke-box
The one we heard on the radar

You know I'll always remember
The song was breaking my heart
So play that song on the juke-box
The one we heard on the radar
You know I'll always remember
The song was breaking my heart
The song was breaking my heart
So play that song on the juke-box
The one we heard on the radar
You know I'll always remember
The song was breaking my heart
