Don't believe in fairy tales
Don't believe in a thing called love
Don't believe it any way
Nothing ever goes my way
Well not today anyway
Should I believe the tables will turn any day
Don't see why I should believe
In something that I can not see
Especially when it's taken from me
I had it all but now it's faded away
I don't believe it any more
I had it all but now it's faded away
I don't believe it any more
The worlds against me again
Let me stand up and repent
I've lost my way again
I'll just grin and pretend
Don't believe in fairy tales
Don't believe in a thing called love
Don't believe it any way
All I ask from you
Is don't tell me what to say or do
I can't believe were still as one
My self confidence is running low
And I think it's tie you know what the fuck is going on
The worlds against me again
Let me stand up and repent
I've lost my way again
I'll just grin and pretend
