Something just a while ago told me I should go  
Never thought it would have come to this  
Didn't see his fist, must've missed  
Drinkin' all night well that twat was pissed  
And i know, it's not gonna be o.k.  
One for the road, til i get back home  
All I hear is my friends saying 'one more beer'  
Then I head back to my place  
I was drunk and had some cuts and bumps  
10 if them and 2 of us let's go  
Why is it when I feel so alive  
I'm the one that's always gotta fuckin' drive  
Not a guy who can just have one  
What's the point in that and where's the fun?  
After 6 I'm up to my normal tricks  
Saying that i've lost my keys  
So i beg you please  
Buy a drink for me  
And one for the trip back home
