A solid wall to lean against  
I'm so glad I have you as a friend  
Never a bad word to say  
Even if I'd fucked up your day  
Sorry for mistreating you back then  
And from the ashes we built our town  
Where we are the kings so put on your crown  
I love you and I'm proud to know you  
I'd never choose another to call my brother  
Your the ship at sea, of my serenity  
Guiding me back to the shore of stability  
I don't think one man, could ask for more  
Thank you my brother whom I adore  
And from the ashes we built our town  
Where we are the kings so put on your crown  
I love you and I'm proud to know you  
I'd never choose another, I'm proud to call you my  
brother  
Sit back relax this ones on me coz I want everyone to  
see  
I'm proud to know you  
I'd never choose another  
I'm proud to know you  
Coz me and you are inseparable brothers
