I've been upset and I've been down
I've been throwing things around
Since you no longer here beside me
And my friends say: Hey! Whats new?
They just heard that we were through
Well I guess I'm alright baby

I'm surviving this for sure
To win my love takes so much more
I'm surviving this for sure
To win my love takes so much more

So my friends heard that were through
Now they think I still love you
But you weren't really all that baby!
Like a walk down in the park
A light shining in the dark
It's been nothing and now clearly

I'm surviving this for sure
To win my love takes so much more
I'm surviving this for sure
To win my love takes so much more

It's funny you just changed
The boy that I ones knew
Started acting strange
I didn't know just what to do
It seemed I had no choise
But turnaround and leave
And though for sure I cried
It took some time but now I see

I'm surviving this for sure
To win my love takes so much more
I'm surviving this for sure
To win my love takes so much more

I'm surviving this for sure
To win my love takes so much more
I'm surviving this for sure

To win my love takes so much more

I'm surviving this for sure

To win my love takes so much more

I'm surviving this for sure

To win my love takes so much more
