Image town I don't understand your attraction, drug town I don't like you. Gimme my small town. I'm gonna get pushed around in your town. Is I should lose her to you, drug town. I will I will vow to smash you down. You're a rock star now, with a needle in your arm. Gee, it's a wonder you never won me with your charm. Cause rock stars with needles in their arm always turned me on. I wanted to see a punk rock show, but you gave me some pills and it's off the bed we go. I'm joining the ranks of everyone you know. I'm joining the raks of losers I don't know. You're a stupid drug in an ugly town.
