We are here together,  
It's been so long  
I've waited forever,  
For this day to come  
And I won't leave you  
Alone tonight  
You're my heart  
Moving life inside

We won't fall again,  
If you will let me lead  
We'll fall in love  
If you will hold to me  
Never let go  
Endure the pain to find  
No pain at all

Forget all the records,  
Previous lovers  
Look into my eyes,  
To dissolve the others  
Cause I know where  
You have laid tonight  
I'm just one step away tonight

We won't fall again,

If you will let me lead  
We'll fall in love  
If you will hold to me  
Never let go  
Endure the pain to find  
No pain at all

Say that you need me, and I can give you everything  
your heart's been craving  
Cause once I've held your hand  
I cannot stand to see it waving goodbye

Please don't go  
Stay with me  
Just stay with me

Just stay

We won't fall again,  
If you will let me lead  
We'll fall in love,  
If you will hold to me  
Never let go  
Endure the pain to find  
No pain at all
