A song is hidden in the wind
Written for you
Filter the noise and have a listen
A moment or two
You'll find the strength in you
To fade the scars
The black and blue
And stand tall

Go and I will be your guide
Ohohohohoh
Know if you fall I'm by your side
You breathe so you know that it's alright
Oh!
You walk with your hand holding to mine
Ohohohohoh
Hope will stay with you tonight

Are you buried in the darkness
The shadow of the doubt?
Lost track of time indulging yourself
I'll be your way out
I'll never let you down
We'll fade the scars
Repair the heart and stand tall

Go and I will be your guide
Ohohohohoh
Know if you fall I'm by your side
You breathe so you know that it's alright

Oh!
You walk with your hand holding to mine
Ohohohohoh
Hope will stay with you tonight

My love, I have got a plan, waiting in the wings
My child the healing will begin, underneath my wings

Come with me
Come with me
I can save you now

Come with me
Come with me
Come with me
Come with me
You're all I've got
Come with me
Come with me

Ohohoh
And I will be your guide
Ohohoh
Your hand holding to mine

Go and I will be your guide
Ohohohohoh
Know if you fall I'm by your side
You breathe so you know that it's alright
Oh!
You walk with your hand holding to mine
Ohohohohoh
Hope will stay with you tonight
