We're the ones and you're looking up at us
Saying be the ones, be the ones
You're the ones and we're looking up to you
Saying you're the ones

We're the ones and you're keeping us alive
Saying be the ones, be the ones
You're the ones who are holding the front line
You're the ones

Welcome every one who came out to the show
Show me that you're ready, you're ready to go
Welcome every one who came out to the show
Show me that you're ready, you're ready to go
Welcome every one

We're the ones and you're looking up at us
Be the ones, be the ones
You're the ones and we're looking up to you
You're the ones

Welcome every one who came out to the show
Show me that you're ready, you're ready to go
Welcome every one who came out to the show
Show me that you're ready, you're ready to go
Welcome every one

Welcome every one who came out to the show
We're wound up and we're ready, we're ready to go

Welcome every one who came out to the show
Show me that you're ready, you're ready to go
Welcome every one, welcome every one
Show me that you're ready
Show me that you're ready, ready to go
