D:Fuse ft. Jes - Everything With You (EP-remixed)

this is what i speak to you
if you can listen
i know that you're sleepin
wake up to me
you mean everything

sweet baby, open your eyes
take a look at the sunrise
it's all comin back to everything
sweet darlin, open your eyes
take a look at the sunrise
it's all comin back to everything with you
with you

when im givin straight from you
oo it's makes the solution
all these little gifts from you
can bring so much to me
every day in wonder
am i bringin enough through
when the answers come to me
i opened up my eyes
i saw you lyin there
right next to me, right next to me
right next to me

sweet baby, open your eyes
take a look at the sunrise
it's all comin back to everything
sweet darlin, open your eyes
take a look at the sunrise
it's all comin back to everything with you
with you, open your eyes
with you, with you, always with you

so bring on this new day
bring all i believe in
bring it with you
and with all that i see in this

and what's for givin
and what we can turn into
but we have to, to contend with
with you, always with you
always here, always in this life

sweet baby, open your eyes
take a look at the sunrise
it's all comin back to everything
sweet darlin, open your eyes
take a look at the sunrise
it's all comin back to everything with you
with you, open your eyes
with you, with you, always with you
