***Deepsky ft. Jes Brieden - Talk Like A Stranger

It's been a long time since I felt I know you
And all of my words, they just seem too wrong, to you
You're killin' my dream but I don't know why
I'm runnin' around, no time to die

Hey you look like me but you talk like a stranger
It's all goin' deep, deeper than a razor
Closer, out of control
My hearts falls deeper now

It's been a long trip and I'm willin' to show you
Hey that life it can change, but I'll always know you
You're holdin' the key to the other side
And believe if I was risen, the eyes of a child

mmmm...

Hey you look like me but you talk like a stranger
It's all goin' deep, deeper than a razor
Closer, out of control

Hey you look like me but you talk like a stranger
It's all goin' deep, deeper than a razor
Closer, out of control
My hearts goin' deeper now

It's been a long time since I've seen your face
But I want you to know, no one ever took your place
And the dream is here but I don't know where
I'm runnin' around, no time to spare

Hey you look like me but you talk like a stranger
It's all goin' deep, deeper than a razor
Closer, out of control
Comin' from a deeper love
