Your eyes burn like fire  
You're even more than I can say  
You treat me like an angel  
When you should treat yourself that way  
There's something that makes you special  
And different from all the rest  
In your beautiful eyes

Your beautiful eyes  
Your beautiful eyes  
Your beautiful eyes

You move like a dragonfly  
You come and go as you please  
Like the lotus that resembles us  
Or the color that makes you breath  
And the soul behind those windows  
In those beautiful eyes

Your beautiful eyes  
Your beautiful eyes  
Your beautiful eyes

(Bridge)

It's time that you realize  
The collisions that you make  
With those beautiful eyes

Your beautiful eyes  
Your beautiful eyes  
Your beautiful eyes
