Flying high, feeling lucky to be me  
And there's nothing that's getting me down

Safe and sound, guards down, knock me off my feet  
In the clouds, right here on the ground

Can't imagine where I'd be  
All the places I wouldn't have seen  
And I know, yeah I know  
I'm blessed to be with you

Laying low, dreaming you, what's coming our way  
I've never been afraid of the dark  
Counting stars, don't look so far; you're all I need  
Lifting me into your heart

Can't imagine where I'd be  
All the places I wouldn't have seen  
And I know, yeah I know  
I'm blessed to be with you

Always knowing that you're mine  
Never keeping track of time  
Wish the world could be so true

Never having to try  
Never ever asking why  
I want to spend my life with you

Can't imagine where I'd be  
All the places I wouldn't have seen  
And I know, yeah I know  
I'm blessed to be with you
