It simply makes no sense to me  
This light you've come to believe  
(Why have you changed?)

This year has brought a change in you  
that is sadly shining through  
(Why have you changed?)

What makes you turn to this?  
Is it something I missed?  
I just can't lose another friend.  
Can't we put this to an end?

You've only got yourself to blame  
for these reasons you're not the same  
(Why have you changed?)

Is it something your going through now?  
Can I help you somehow?  
(Why have you changed?)

What makes you turn to this?  
Is it something I missed?  
I just can't lose another friend.  
Can't we put this to an end?

Now you're on your own (I'm alone)  
I'll leave you all alone  
Now you're on your own (I'm alone)  
I'll leave you all alone

What makes you turn to this?  
Is it something I missed?  
I just can't lose another friend  
Please don't put me through this again  
Again...
