This Day and Age "History Is Falling For Science"

Visit "History Is Falling For Science" on MotoLyrics.com

give me your hand i'll show you where we stand cuz you're always asking when we'll reach the promise land and listen girl i don't make promises to anyone just always

know your wish is my command

[chorus]

so cut the rope lets give them another chance they're not the first ones to fake romance can't you see apologies bleed from their eyes

but trust is all we need

lets go inside i found the perfect place to hide someday will never come if we simply say our goodbyes listen boy i can't live like this another day no ones real, no one feels, no one stays

[chorus]

and all we need is time tonight we'll touch the sky

[chorus]
