I think they call it love
There's nothing to be scared about
Believe me!
Ain't nothing we can do?
Just let it be a part of you
And feel it!
I wanna let you know
I promise, I promise
To never let you go
You know, you know

We can make it good
We can make it right
We can make the shadows turn to light
Boy, when it feels like this
When it feels like this
It's some kind of perfect bliss
(Some kind of perfect bliss)
We don't need to hurt
We don't need the pain
We can be the sun behind the rain
Boy, when it feels like this
When it feels like this
It's some kind of perfect bliss

You're scared it's gonna change
You say you need a guarantee
Just leave it! Yeah!
And look what you will find
Don't you know that love is blind?
Just feel it!
I wanna let you know
I promise, I promise
To never let you go
You know, you know

We can make it good
We can make it right
We can make the shadows turn to light
Boy, when it feels like this
When it feels like this

It's some kind of perfect bliss
(Some kind of perfect bliss)
We don't need to hurt
We don't need the pain
We can be the sun behind the rain
Boy, when it feels like this
When it feels like this
It's some kind of perfect bliss

It's A to C, it's chemistry
It's meant to be
(Meant to be)
It's everything
It's all we need
Just let it be
Oh yeahhhh yeah yeah oh oh

I wanna let you know
I promise, I promise
To never let you go
You know, you know

We can make it good
We can make it right
We can make the shadows turn to light
Boy, when it feels like this
When it feels like this
It's some kind of perfect bliss
(Some kind of perfect bliss)
Some kind
We don't need to hurt
We don't need the pain
We can be the sun behind the rain
Boy, when it feels like this
It's some kind of perfect bliss

(Some kind of love)
Some kind of love
(Some kind of feeling)
Some kind of feeling
(Some kind of miracle)
Yeah, yeah yeah yeah
(Some kind of perfect bliss)
