Hey ahh

Some people got to live in a big city street
So crowded and noisy they can't hear their heart beat
Some need to stay in their own home town
Others kinda, like to keep movin' around

But baby, I could live near or far
Anywhere between here and some shooting star
As long as I'm always where you are

'Cause anywhere is Paradise,
when you're with the one you love
Anywhere is a place that's nice,
when you're with the one you dream of
Anywhere is Paradise,
when you're with a love that's true
There's nowhere I'd rather be, baby,
than anywhere with you

Some people want to be where the big money is
Some want to be in Hollywood and showbiz
Some got to be where they know what things mean
others just want to be where they can be seen
But baby, anywhere for me will do
Anywhere between here and that far-off moon
As long as I'm always there with you

'Cause anywhere is Paradise,
when you're with the one you love
Anywhere is a place that's nice,
when you're with the one you dream of
Anywhere is Paradise,
when you're with a love that's true
There's nowhere I'd rather be, baby,
than anywhere with you

Your heart and mine go together,
like hand and glove
We've already found our forever,
on earth as in heaven above

So baby, anywhere will do for me
'Cause where ever in the world we'll ever be,
we'll always be in the land of love

'Cause anywhere is Paradise,
when you're with the one you love
Anywhere is a place that's nice,
when you're with the one you dream of
Anywhere is Paradise,
nothing could be more true
There's nowhere I'd rather be, baby,
than anywhere with you

Anywhere with you, anywhere with you...
Anywhere with you
Anywhere with you, anywhere with you...
