Yeah, yeah

You're the kind of boy who likes the kind of girls
That like to fool around with the boys on the first date
I'm the kind of girl who ain't supposed to like those
boys
But I kinda like those boys that like those kind of girls

Well maybe it's fate, we should meet up for a date
So we can sit around and talk about
Those things we just can't talk about
Like making love and drinking 'til the sun comes up

Well hallelujah, finally found a boy like me
Lord have mercy, I think I'm in a fantasy
You've been talking lots of stuff
Saying what you gonna do
Oh what do you want to do with me
Well hallelujah, finally found a boy like me

You're the kinda boy my daddy used to warn
Would walk into my life and lead me down the wrong
way
I'm the kinda girl who tried hard to ignore
Those things that daddy warned about those kinda
boys

Well what's a girl to do with a big old boy like you
When we sit around and talk about
Those things we just can't talk about
Like making love and drinking 'til the sun comes up

Well hallelujah, finally found a boy like me
Lord have mercy, I think I'm in a fantasy
You've been talking lots of stuff
Saying what you gonna do
Oh what do you want to do with me
Well hallelujah, finally found a boy like me

We'll sit around and talk about
Those things we just can't talk about

Like making love and drinking 'til the sun comes up

Well hallelujah, finally found a boy like me
Lord have mercy, I think I'm in a fantasy
You've been talking lots of stuff
Saying what you gonna do
Oh what do you want to do with me
Well hallelujah, lord have mercy
Hallelujah, finally found a boy like me

Yeah, yeah, like me
