Whoo

It's just another red light in a different town
I'll see the sun come up and go back down
This crazy world keeps on spinning
Round and round and round

Look at me I'm a big old mess
I can't sleep at night, can't catch my breath
I tried everything I know to do
But it won't be better 'til I'm with you

Don't matter how long it takes
Yeah, I'll drive all night, never hittin' the brakes
Any time with you is good enough for me
Don't need a limousine getting all dressed up
Just riding around in your pickup truck
Anywhere with you is good enough for me, yeah

Laying around, wasting the day
Closing my eyes, drifting away
In your arms, no I don't wanna wait

Getting closer to letting go
It's all I want 'cause all I know
Is without you it hurts so bad
With all the strength that I have
I'm gonna burn every mile 'til I get back

Don't matter how long it takes
Yeah, I'll drive all night, never hittin' the brakes
Any time with you is good enough for me
Don't need a limousine getting all dressed up
Just riding around in your pickup truck
Anywhere with you is good enough for me, yeah

Don't matter how long it takes
Yeah, I'll drive all night, never hittin' the brakes
Any time with you is good enough for me, yeah
Don't need a limousine getting all dressed up
Just riding around in your pickup truck

Anywhere with you is good enough for me
Is good enough for me
Is good enough for me, yeah, oh, yeah
