You walk in the door
You look me up and down
But boy stay away
Cause you've been around this town

I've been without a love
Oh, a time or two
But I'm not so weak
That I'll fall in love with you

CHORUS:
So boy go away
I won't give you the time of day
I know about you
I'm an independent girl with a sensitive heart
So back off you heartbreaking fool

I don't know who led you
To believe you had a chance
But boy could you please
Wake up from that trance

CHORUS

I've been without a love
Oh, a time or two
But I'm not so weak
That I'll fall in love with you

CHORUS

I don't know who led you
To believe you had a chance
But boy could you please
Wake up from that trance

CHORUS
