You look at me like this is easy
Like I should fall into your arms
Baby, I'm not that naive
Why should I believe
You mean no harm?

I was his lie, I was his secret
I was the one who didn't know
And I'm still healing from the madness,
Reeling from the fall,
Shaking from the blow

So I don't have to tell you
what shape I'm in
And you don't have to tell me
That you're not him
I won't break, I won't settle
For nothing less than love

I'll just trust in my heart
And ignore my head
'Cause I want to believe
In the things you said
And that you're here to give me
Nothing less than love

Don't know what it is about you
Something makes me want to stay
So have a little patience
And handle me with care
So I won't run away
Don't want to run away

I don't have to tell you
what shape I'm in
And you don't have to tell me
That you're not him
I won't break, I won't settle
For nothing less than love

I'll just trust in my heart

And ignore my head
'Cause I want to believe
In the things you said
And that you're here to give me
Nothing less than love

Nothing less than
All you have
Is that too much to ask?

No, I don't have to tell you
what shape I'm in
And you don't have to tell me
That you're not him
I won't break, I won't settle
For nothing less than love

I'll just trust in my heart
And ignore my head
'Cause I want to believe
In the things you said
And that you're here to give me
Nothing less than love
Nothing less than love
