Here I sit
Tears fallin' like they'll never quit
There you stand
All your pride in a suitcase in your hand
And it all
Feels so wrong
'Cause you knew it all along
That you lied when you said
You would love me 'til the end

I wish this was someone else's life
I wish I could forget how to cry
I lie here alone
And I ache to the bone
Prayin' for it to end
No, you can't call this sleepin'
I'm talkin' but there's no-one listenin'
It's just these old bones
They've been here through all
These cold and lonely nights
I wish this was someone else's life

I'm here tonight
At that place you brought me all the time
And there you are
With another girl wrapped up in your arms
I admit that it stings
'Cause she sure is prettier than me
And I bet she's real nice
And it cuts me like a knife

I wish this was someone else's life
I wish I could forget how to cry
I lie here alone
And I ache to the bone
Prayin' for it to end
No, you can't call this leavin'
I'm talkin' but there's no-one listenin'
It's just these old bones
They've been here through all
These cold and lonely nights

I wish this was someone else's life

I wish this was someone else's life
I wish I could forget how to cry
I lie here alone
And I ache to the bone
Prayin' for it to end
No, you can't call this leavin'
I'm talkin' but there's no-one listenin'
It's just these old bones
They've been here through all
These cold and lonely nights
I wish this was someone else's life

Yeah I wish this was someone
Someone else's life
Eh yeah
Someone else's life
Oh whoa
