telling u now so's u don't have to think about it  
telling u now so's u don't have to reap what u sow  
later on

sex in the chambers, so blame her for everything  
any bad thing, a ring, arises  
but u made one mistake and that sealed ur fate,  
u didn't kill me, so's i can speak free  
so how many times do i have to tell u  
how many times do i have to make it obvious to u  
so's u will do, what ur supposed to

telling u now so's u don't have to think about it  
telling u now so's u don't have to reap what u sow  
later on  
telling u now so's u don't have to think about it  
telling u now so's u don't have to reap what u sow  
later on

wish i had told her to take him (thought she couldn't  
live without him)  
sometimes what u wish for will be ur ruin (like to see  
her try to live with him)  
but in a blinding lust i rushed  
and certified an end to what i thought had pained me  
bloodstains don't wash out quick  
but linger to remind u that u are sick

telling u now so's u don't have to think about it  
telling u now so's u don't have to reap what u sow  
later on  
telling u now so's u don't have to think about it  
telling u now so's u don't have to reap what u sow  
later on

plenty of times oh, i told u so  
u never do know no, u never do know  
who's butt wild and, who's putting on a show  
u never do know no, u never do know

telling u now so's u don't have to think about it

telling u now so's u don't have to reap what u sow  
later on  
telling u now so's u don't have to think about it  
telling u now so's u don't have to reap what u sow  
later on

telling u now so's u don't have to think about it  
telling u now so's u don't have to reap what u sow  
later on

telling u now so's u don't have to think about it  
telling u now so's u don't have to think about it  
think about it  
telling u now so's u don't have to think about it  
think about it, think about it
