Jay Jane Jay Jane Jay Jane Jay Jane Jay Jane...

Verse 1:

I met a boy his name was Jay he was so fine

I met a girl her name was Jane she wanted to be mine

I met a boy his name was Jay he was the one

I met a girl her name was Jane she wanted to have fun

He had a vision of things that I needed,

She understood how a woman should be treated

Got a decision which one should I choose

When it comes to Jay and Jane there's just no way to
lose

Chorus:

I do both Jay and Jane

They make me feel the same

There's no shame to my game

I do both Jay and Jane

(Repeat x2)

I do both Jay and Jane

(Repeat x2)

Verse 2:

Jane is sweet like honey, the taste I'm teasing

She knows how to hit the spot, her touch is pleasing

Jay is strong like brandy, the strength I'm feeling

He knows how to make me hot, his heat is healing babe

He is a special man long rough and rugged

She is a diamond she shines like a nugget

I've got to have them both you just don't understand

Sometimes I call on Jane, sometimes I need a man

Chorus

(x2)

I do both Jay and Jane

(x10)

Jay Jane Jay Jane Jay Jane Jay Jane Jay Jane...

I do both Jay and Jane

(x3)
