Are you throwing everything you have at me?
Cheap shots, low blows
Will you ever let it go?
You're so pathetic, give it a rest.
You're not gonna win, you're never gonna.

You like the sound of your own voice
And the crown of death upon your head
Oh come on, you and all your royalty on the edge of
infamy
You're going to taste my fist.

You're so good at stretching the truth
Into a sugar-coated lie
Everyone takes a bite.
I have been dining with the enemy
It was a wolf in sheep's clothing
Now it's so clear to me.

I've had enough of your games
If you're not trembling you better be
Cause we're gonna be the end of you.
I've had enough of your games
I'm gonna show them who you really are
I can tell ya right now, it won't be pretty.

You said, "I can't convince anyone anything."
Provoking the anger of a jealous god
Still you spin a web of lies, fear, lust, pride, greed, and
shame.
You said "No one..."
Oh you said "No one escapes the pain"
Pain...

I've had enough of your games
If you're not trembling you better be
Cause we're gonna be the end of you.
I've had enough of your games
I'm gonna show them who you really are
I can tell ya right now, it won't be pretty.

I'm a coward, not a fighter
Disguised as a lover, in disguise, in disguise
You're so old now, you held me down
You held me...
you held me down...
you held me down...
You held me down for so long but it's not gonna last
Cause I can see right through your beautiful lies

I've had enough of your games
If you're not trembling you better be
Cause we're gonna be the end of you.
I've had enough of your games
I'm gonna show them who you really are
And I can tell ya right now, it won't be pretty.

Are you throwing everything you have at me?
Cheap shots, low blows
Will you ever let it go?
You're so pathetic, give it a rest.
You're not gonna win, you're never gonna.
