Keep firing your gun
The empty shell fires from the bullet
That strikes you down
And hits you so hard

It might be a while before, I come down
From this place
I led you here for a reason, to let off steam
So it seems
This couldn't possibly be, the answer for
All of this

Listen to the sounds of the battle field
Crashing down
You never saw me coming
Did you?
No you did not

The Sound to the floor
Remembering this is a strike
Keep your head down
This is
I'll be back now!

Now that we are both together (Forever)
It feels so good to touch you again (Again)
I waited for this moment Forever (Now it stopped)
You came back to me when you saw the lights (Falling
from)
The sun

Listen to the sounds of the battle field
Crashing down
You never saw me coming
Did you?
No you did not

The sound to the floor
Remember this is a strike
Keep your head down
This is

I'll be back now
