Take a look (Take a look),
At how we used to be.
No love, no joy, no fantasy,
My eyes are tired from memories,
From shattered thoughts,
To crushing dreams.
Don't try hard, not to wake up.

Take a look at me now,
Take a look at me now!
I have the light that you need
To see in all your dreams,
Never ending, the way it used to be

Don't let them suffer,
They will see who hides behind the mask
Is killing love the only game you play
Letting guards right down
Just hold on I'll be right back.

I hold my breath to save you air,
My lips go numb, when you come close,
We talk all night,
I make you laugh,
Your heart is beating steady now

Cause I gave you my last breathe.
He Says Get out of sight,
So get into mine,
I'll make it work, just give me time,
I can't survive, without your touch
And baby I'm not asking for much.

We never meant to be,
A romantic tragedy,
Forever we will be,
A romantic tragedy.
We never meant to be,
A romantic tragedy,
Forever we will be,
A romantic tragedy.

When you come close,
I'll see it in your eyes,
You make some mistakes,
Woah
And that's no big surprise.
We try to find the one on the inside
