Wait,  
It's time to wake up  
I'm sorry pretty baby,  
But you're not the girl who wins this war

Last call on the dance floor: hold on,  
Loose control, these all unfold  
(Well it's about time I turned you on  
Well it's about time I got your attention  
Well it's about time you heard this sing  
Well it's about time you took a listen) [x2]

Remember  
When you stole the light  
From this sin city  
We come to bring it back  
To paint it pretty  
I'm a lush for love with a razorblade  
And I've come to save the day  
You said everything that you wanted to hear,  
But I never get to say  
Your reflection is forever in my broken heart  
Don't you see that this love is some kinda art  
Back again

Well it's about time I turned you on  
Well it's about time I got your attention  
Well it's about time you heard this song  
Well it's about time you took a listen  
(Last call on the dance floor) [x2]

Waiting for you to come back  
For you to walk right in and make me feel again

Wait.  
It's time to wake up  
I'm sorry pretty baby,  
But you're not the girl who wins this war

She's sitting there,  
With her long hair,

Trying to think of something to wear  
She puts on makeup  
Her head is made up

Out the door there she goes  
Kind of tired and she hopes  
The night wont last long, but it's so long

Last call on the dance floor baby lets roll,  
Into the stars tonight [x3]

I want to see the sunrise  
Waiting for your surprise  
Cannot believe my eyes

Where have you been hiding out all this time [x4]
