I want something else from you
Will you understand this time
I want something else from you
Will you understand this time

Deep inside of you, you will never let go
Your own destruction isn't good enough for you
Deep inside of you, you will never let go
Your own destruction isn't good enough for you

I want you don't you get it
It's hard to live without you
I tried to take you back but, you let me go

I want something else from you
Will you understand this time
I want something else from you
Will you understand this time

Deep inside of you, you will never let go
Your own destruction isn't good enough for you
Deep inside of you, you will never let go
Your own destruction isn't good enough for you

I want you don't you get it
It's hard to live without you
I tried to take you back but, you let me go

I want something else from you
Will you understand this time
I want something else from you
Will you understand this time

Deep inside of you, you will never let go
Your own destruction isn't good enough for you
Deep inside of you, you will never let go
Your own destruction isn't good enough for you

I want something else from you
Will you understand this time
(You're gone)

I want something else from you
(Just forget about it)
Will you understand this time
I want something else from you
(You're gone)
Will you understand this time
(Just forget about it)
I want something else from you
(You're gone)
Will you understand this time
(Just forget about it)
Will you tell me you understand
(Just forget about it)
