[La the Darkman] Yeah, I rock different color forces,
cherry and mango Different color whip collection look
like a rainbow Sometimes I push the benz, sometimes
the range rove Standard, the luxury, they can't figure
my angle But they know that I get dough from the way
that my chain glow Diamonds get em on my dick, I
could snatch your main ho Far as the flow, I'm like a
Ferrari Testero When I hit the gas on that ass, nigga
I'ma blow Sorta like Russell Crowe, smooth and on the
low Getting money trying not to let nobody know In and
out of state, with that weight, bag it up, get that cake
Pray for every trip, I get there safe If I don't believe I'll
be stuck in a jail space So I move with urgency, but at a
snail's pace With God's grace, I keep getting checks
like Mase When it comes to hip-hop, I'ma be the new
face [Chorus 2X: La the Darkman] Everybody want a
piece son when the money comes Some are smart with
it, some are just dumb Niggas will try to kill you just to
get a crumb But I'm from the hood, so I bust my gun
[Willie the Kid] Ayo, when it's time in Chi-Town I'm on
my way Magnificent mile to spend a lil somethin I'm
pimping hard out in Detroit Catch me in Greek Town,
Casino style I'll win a lil something Syke, naw, I don't
gamble I scramble the top floor renaissance
overlooking Windsor Watch the sunset, next morning
shoot the summer set Cardiar store where they
overlook pretenders It's Coney Island, I don't need no
McDonalds Back to the Chi, yo I need G.O. Donalds
Shoot to the roof, nigga home sweet home But ain't shit
sweet at home Except the chicks, pretty mamas who
accept this dick I fuck a nigga's baby moma with the
high school wit They know Willie been fly, there's no
Benny Highners I'm b, p, and t, purge baskets you
bastards I got it mastered, midwest's best Dirty south
transplant, up town nigga I'm frequent flyer, I won't
stop nigga You know how I get down, I get around
[Chorus 2X]
