Line Up Here

-Killing spree!

-Rampage!

They fuck your kids in the name of the lord
hiding their secrets under the floor
like john wayne gacy, dressed up for fun
they'd rape a kid than fucking a nun

The invisible man up in the sky
says "child molesters, you are alright"

The invisible man up in the sky
says "child molesters, you are alright"

-Antikrist, antikrist!

Let the psychos forever burn
so stand in the line and wait for your turn
