I've never seen a young girl so cocky,
I got women twice her age that normally jock me
She's got body like (what)
Curves like (woe)
And she's all iced up from head to toe
Only 16, willing and able
I'm starting to get second thought's
Like I'm robing the cradle(what!)
It's 2:00 am and she's given me the green light
I got money on me she'll be leaving with me to
night,Come on!

How many people wants to be loved
How many people are losing their souls
Many people are going threw the changes

What ever you say
I ant gotsta explain
The way you treat me,
I'll do you tha same

How many people wants to be loved
How many people are losing their souls
Many people are going threw the changes
From club to club doing every thing
Looking for any body

I dont't want your money honey
I just want your love
I don't want your maney honey

The club is hot and the girl's so robust
I'm like a kid, in Toy's R Us (yeah)
Girl you bounce me, I'll bounce you back
Y'all loving this (yeah)
DJ rewind that

Is any one of us looking for some one
When your still alone (yeah)
Your looking for some one (yeah)
Looking for any body

How many people wants to be loved
How many people are losing their souls
Many people are going threw the changes
I'm alway's at home,
Your out with your friends
I'm a baller girl,
Staying at home ant in my planes

How many people wants to be loved
How many people are losing their souls
Many people are going threw the changes
From club to club doing every thing
Looking for any body
I dont't want your money honey (really)
I just want your love (all right)
I don't want your maney honey (let's go)

They say your a free loader
Well my pockets on swolle
from diamonds, to pearls and even gold
But I've got a woman (What)
Can you keep it on the down low?
Is any one of us looking for some one (na, na, na, na)
When your still alone (yeah)
Your looking for some one (yeah)
Looking for any body

How many people wants to be loved
How many people are losing their souls
Many people are going threw the changes
Life is to short to be playing games
For any body

How many people wants to be loved
It's to many people out their looking for love
It's to many peolple on the earth

How many people are losing their souls
You can find some body, you know what I'm saying
You losing your souls y'all gotsta keep your heads
together
Many people are going threw the changes
Don't be trying to change keep it together
I'm walking around like I'm a feind
Looking for any body
From club to club checking out all the seesns
Looking for any body
Calling poeple, I'm doing every thing
Looking for some one
