"Red lips on, live twitter feed,
Hashtag wherestheplacetobe.

Eat at home to save money,
Spend it all to make sure, I'm seen,
I'm seen.

Well I'm not sure why, but I think i'll try,
To say something this time.
My imitation, of conversation,
Is sounding like a lie, a lie.

Leather on, check news feed,
Status update, 'what to eat?'
Ten replies, only one elite,
Find me at the place to be.

Stand and stare, feign happy,
Sip my vodka soda drink.

Well I'm not sure why, but I think i'll try,
To say something this time.
This imitation, of conversation,
Is sounding like a lie, a lie.

Nod the head to all the friends,
Got a quick update on tonight's trends,
I have this opinion, to defend,
I'm not sure what it is, but let's pretend.

I'm not sure why, but I think i'll try,
To say something this time.
This imitation, of conversation,
Is sounding like a lie.

Got a quick update on tonight's trends,
I have this opinion, to defend,
I'm not sure what it is, but let's pretend.

Nod the head to all my friends,
I have this opinion, to defend.

A quick update on twitter trends,
I don't know what this means but let's pretend,
Let's pretend, let's pretend, let's pretend.

I'm not sure why, but I think i'll try,
To say something this time.
My imitation, of conversation,
It's sounding like a lie.

I'm not sure why, but I think i'll try,
To say something this time.
My imitation, of conversation,
It's sounding like a lie,
A lie, a lie, a lie,
A lie, a lie, a lie
