What have they done to your eyes?  
They're not seeing  
All the things that they used to see

What have they done to your heart?  
It's not aching  
And I fear for the day  
When you can't feel anything

What have they done to your dreams?  
They're all leaving  
And you wait just to watch them drown

What have they done to your lungs?  
They're not breathing  
Like a ghost  
Time to leave  
If you're here just speak with me

They took what was ours  
But memories will stay  
Like a ghost that never will leave

What have they done to your fists?  
They're not fighting  
Heavy hearts carries all our guilt

What have they done to your soul?  
It's not feeling  
All will rust and erode  
If you're here come speak with me

Light up this room set it all on fire  
All that I hear are voices  
Light up this room set it all on fire  
Don't be afraid  
You'll see... my friend  
my friend  
my friend  
my friend  
oh
