Two good friends
Friday night
A chick flick in the VCR
I watched you
Roll your eyes
And knew I'd have to twist your arm when you said
"You expect a guy like me to sit and watch this mushy
stuff!"
They always fall in love when they first meet
That never happens to folks like us."
But I just sat there and grinned
Tried not to laugh out loud cause I remember when
It happened to me just a few months back
In the middle of the week and just like that
Got weak in the knees
A little short of breath
Man I had it bad and boy I bet
It would blow your mind if you only knew
It happened to me
When I met you
I heard you say
You're not like me
You don't believe in fairy tales
I bit my tougue
Didn't speak
I sat there thinking to myself that

I used to feel the way you feel
I thought
Love was fake and make-believe right up until
It happened to me just a few months back
In the middle of the week and just like that
Got weak in the knees
A little short of breath
Man I had it bad and boy I bet
It would blow your mind if you only knew
It happened to me
When I met you
I used to feel the way you feel
I thought
Love was fake and make-believe right up until
It happened to me just a few months back

In the middle of the week and just like that
Got weak in the knees
A little short of breath
Man I had it bad and boy I bet
It would blow your mind if you only knew
It happened to me
When I met you
When I met you
You
When I met you
You
When I met you...
