Just Might Change Your Life
3 of Hearts

Coper tone tane in a mucle shirt
A dirt red jeep coming home from work
Odds are preatty good he was stoping at the texaco
She was standing there in a preatty pink dress
By a pepsi sign that said 99 cents
Put her lipstick on and she heard his radio

Comes down to just one moment
No way you can control it
Somehow your heart will know the place and time
Totaly unexpected
Planet won't be effected
But when the stars all line up right
It won't change the world but it just might change your
life

He filled up with high tes gas and saw her standing
behind the glass
He walked in to get a better look at her
Right there between the chips and ice cream
Stood the answer to a young mans dream
Just one look and his whole life took a turn

Comes down to just one moment
No way you can control it
Somehow your heart will know the place and time
Totaly unexpected
Plan it won't be effected
But when the stars all line up right
It won't change the world but it just might change your
life

Sunset on a new horizon
As they drove away, ay, ay, ay
They drove away
Na, na, na, na, na, na, na, na
Na, na, na, na, na

Comes down to just one moment
No way you can control it
But when the stars all line up right
It won't change the world but it just might change your
life
Just might change your life
Just might change your life
Mmmm that's right
Watch out boys
Come on baby
Na, na, na, na, na, na, na, na
Na, na, na, na, na
Just might change your life
Na, na, na, na, na, na, na, na
Na, na, na, na, na
