We don't need the world outside  
We got all we need tonight  
Love is enough

Let 'em say what they wanna say  
When you're holdin' me this way  
Love is enough

Everybody's searchin' for a piece of mind  
All they gotta do is look at you and I

Baby, just wait and see  
You can always count on me  
When time's get tough

You're the reason that I'm livin'  
Nothing that I wouldn't give  
Love is enough

May never have a lot of money  
But it don't really matter, honey  
Love is enough

Ain't it funny how 4 little letters  
Can hold it all together  
Love is enough

And even when you're old and gray  
I'll be here and you can still hear me say

Baby, just wait and see  
You can always count on me  
When time's get tough

You're the reason that I'm livin'  
Nothing that I wouldn't give  
Love is enough

Long kisses and a tender touch  
2 hearts make a leap  
What else do we need?

Baby, just wait and see  
You can always count on me  
When time's get tough

You're the reason that I'm livin'  
Nothing that I wouldn't give  
Love is enough

Baby, just wait and see  
You can always count on me  
When time's get tough

You're the reason that I'm livin'  
Nothing that I wouldn't give  
Love is enough, love is enough  
Love is enough, love is enough
