[Verse 1:]

Step into my room
Take off all your clothes
It just me and you
Your body callin me
Jus waiting for this moment
All day long yea
Girl I know you want it...
Let's get it on

[Chorus:]

I can hear your body callin for me
And keep your body sexually
I can hear your body callin for love
And you know just what I'm thinking of

[Verse 2:]

I can fill you in my arms when I see
Even know you a thousand miles away from me
Can't know body make me feel like you
I want to think us makin love 2 you
In the morning time
In the afternoon
In the evening

(I can hear you)

[Chorus:]

I can hear your body callin for me
And keep your body sexually
I can hear your body callin for love
And you know just what I'm thinking of

My body callin...
My body callin...
My body callin...
My body callin...

[Chorus:]

I can hear your body callin for me
And keep your body sexually

I can hear your body callin for love
And you know just what I'm thinking of
