Honey it's a pleasure ah ah  
Doesn't have to be forever  
I try to make you feel good oh boy  
Like any other lover would

Go ah-ah, go ah-ah  
Go ah-ah, go ah-ah

The day I met you you you walked through  
That door done better oh yay  
You could not keep  
Your eyes off my tight sweater

Danny, Danny  
There's something about your ego  
And me, here, now  
Danny, Danny  
There's something about the way  
That you spin me round

Say, say, say you want me to  
Paint your troubles black and blue  
Lately I'm looking for you  
Oh don't you know  
It's better when we're two, boy

I don't know what can you play  
I try to play it anyway  
Don't deny my DNA  
Move in closer day by day

Danny, Danny  
There's something about your ego  
And me, here, now  
Danny, Danny  
There's something about the way  
That you spin me round

Just keep it on and play it cool  
We don't need to jump so soon  
Keep it on, I'm on my way

Relax, my heart is here to stay

Danny, Danny  
There's something about your ego  
And me, here, now  
Danny, Danny  
There's something about the way  
That you spin me round
