(speaking)

Without you, yeah

Come on

(verse)

It took a long time

But I'm back again for good

It really hurt me

But now I finally understood

The day I left you

Must be the greatest in my life

I hear without you

There's only peace around, no fight

I tried so hard to

Oh doing everything I could

Manipulated

Made to think I was no good

In your possession

Every day was a bad dream

So naïve then

Well I was young and sixteen

(chorus)

Oh...

He was my honey

He was my honey

Happy without no honey

Oh...

He was my honey

He was my honey

Happy without you honey

(speaking)

Funny how things change, yeah?

Yesterday would all be a lie

I told you

Now it's all good

(bridge)

I'm feeling down

It took a time

It took a time for me to heal for what

I thought was love
But I was wrong
Blinded by your flashy love
When I was weak
And you were there
Well it was obvious you did not care
About the one
No you don't bother
Well I'm happy without you, honey

(verse)
Oh yeah they told me
You should be careful what you do
They only use you
For his pleasures and absurds
The love I gave you
It was the last that you deserved
Call us a nice time
To own somebody, that's absurd

(chorus)
Oh...
He was my honey
He was my honey
Happy without no honey (happy without you honey)

Oh...
He was my honey
He was my honey
Happy without you honey (oh oh oh happy without you)

Oh...
He was my honey
He was my honey
Happy without no honey

Happy without you
I'm happy without you
I'm happy without you, boy
