Our love's stuck between heaven and hell
I can't tell where we're meant to be
'cause love's got me stuck between heaven and hell
And I can't tell you how I feel about
Our love's stuck between heaven and hell
I can't tell where we're meant to be
'cause love's got me stuck between heaven and hell
And I can't tell you how I feel about our love

Oh, since you went away my Saturdays are turning grey
This world I fall into can't turn a sky and make it blue
(2x)

Tell me, tell me what did I do wrong
Oh baby, I am perfect
Tell me, tell me where the days have gone
'cause I can't sleep

Our love's stuck between heaven and hell
I can't tell where we're meant to be
'cause love's got me stuck between heaven and hell
And I can't tell you how I feel about
Our love's stuck between heaven and hell
I can't tell where we're meant to be
'cause love's got me stuck between heaven and hell
And I can't tell you how I feel about our love

Ooh, our love is out there
Ooh, we know it's out there (2x)
Ooh, it must be out there

Tell me, tell me what did I do wrong
Oh baby, I am perfect
Tell me, tell me where the days have gone
'cause I can't sleep (2x)

Our love's stuck between heaven and hell
I can't tell where we're meant to be
'cause love's got me stuck between heaven and hell
And I can't tell you how I feel about
(repeat until end)
