Chorus:

there goes the wind ,
it was me and you ,
we're gone forever ,
but i will always love you , - no matter who you are

Verse one:

I find it difficult to believe you,
sometimes I feel so lonely without you,
But times it feels so bad,
With or without you,
you make me feel real mad.

Bridge:

They think they're cool but they're not.
They so totally have changed.
I don't know much.
And neither do they.
So why drag you along?

- Chorus -

Verse 2:

I love you! Baby, it's true!
But you've changed and the fact is,
Will I always love you?
Help me.
They drag you away.
I love you baby.
And I always will do.

- Bridge -

- Chorus -

Verse 3:

Man, This love ain't right.
You no right, when you're in the head.
Pass It Over.
This is love is officially over.
Good-bye, my lover, good-bye my friend. I love you
forever and I will always.

Nothing ends.
