i used to know this girl marie  
And so the story goes she never really talked to me  
her house was seven blocks away  
on my way to school i went to see if shes ok

( chorus )

Tell me where have you gone where have you gone  
Marie  
why did you leave come back to me Cherie  
i know you ran away you ran away Marie  
you cannot stay you cannot stay Cherie  
Please stay marie marie cherie.....  
although we did not treat you right  
your in the senseless love you never had a chance to  
fly  
she looked so pretty like a dream  
her skins likes velvet cream she never made her sweet  
sixteen  
nobody came around to see her it was as if she wasnt  
there  
a colorless butterfly cold in december ?? ( idk that line  
p.s this isnt in the song :) ) always your daddy's little  
girl

Chorus ( first chorus)

i know you ran away you ran away Marie  
you can not stay tou can not stay Cherie  
tell me where have you gone where have you gone  
MArie  
why did you leave come back to me CHERIE  
i know you ran
