4 AM, I took a shot in the dark
Need to escape before the bells restart
Tube stops and lonely hearts
Lost the rhythm, yeah, I'm falling apart

Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana

Tear drops started when you start
12:30, I'm about to depart
World is spinning keep your feet off the ground
Can't stop, I'm about to begin

Climbs on like a ballet
Only when I'm lonely do I wish that I stayed
So, so soft I'm drifting away
Yesterday I saw that I'm jumping today

Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana

6 AM, you wanna dance in the park
Sun's rising, won't be less than the dark
Tube stops and lonely hearts
Lost the rhythm, yeah, I'm falling apart

Turn off your chain, chain, chain
Chain, chain, chain, chain, chain
Unless you break chain, break, break
Break the chain

Yeah, grew tired of you so now we're through
Created a fence I can't break through
You made a mistake, I felt the ache
The minutes you've gone, the lights that shine
You know that you've gone made me feel so good

Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana
Oh, mamama oh mamama oh nanananana

I think I'll be ok, hey
World, it's spinning round and round, hey
Me, I think I'll be ok, hey
World, it's spinning round and round, hey
Me, I think I'll be ok, hey
World, it's spinning round and round, hey
Me, I think I'll be ok, hey
World, it's spinning round and round, hey
